**ROSS SCHOOL DISTRICT
BOARD OF TRUSTEES' GOALS 2007 - 2008**

We are a K-8 community public school dedicated to excellence. Our mission is to build a solid educational foundation for all students while inspiring, guiding and challenging them to learn and reach out to the world with compassion, integrity and courage.

Governance Area: **Vision-Technology**

Board Liaison: Ken Fineman

Rationale: Acting on behalf of the community, school board members set the educational direction for the school district by establishing a district vision focused on student learning and ensuring that the use of technology is appropriate for and compliments student learning.

Board Role:

1. Identify the present strengths and future needs of the district as related to technology.
2. Determine support needed for initiatives and build into the district budget.
