## 5. EMERGENCY PLANS

The school has a formal safety plan as required by Education Code. Students will be supervised until released to a parent or an emergency contact person. Earthquake, lockdown or fire drills are held monthly throughout the school year. First aid and emergency supplies are stored on campus, as well as in each classroom.

- **EMERGENCY CARDS**

Parents are required to inform the school office whenever there is a change in information on the emergency card.

Please contact the school secretary to update our information, as well as log onto Aeries Parent Portal to make any necessary changes. **During an emergency, your child will ONLY be released to those contacts listed on your child's emergency card.**

If the administration declares that school is closed due to an emergency, the following will occur:

- An e-blast will be sent to all families
- Phone calls via school messenger will be made
- An announcement will be placed on KCBS 740 and KGO 810 by 6:00 a.m.

## **6. HEALTH/MEDICAL EMERGENCIES**

- **INJURY OR ILLNESS**

Parents will be notified to pick up their children if they are injured or too ill to remain at school. Ill or injured students cannot leave school unless accompanied by their parent or an adult authorized by the parent. The adult picking up the student must sign the child out in the main office. In cases of serious injury, parents will be immediately contacted and 911 will be called.

- **COMMUNICABLE DISEASES**

Please notify the schools nurse if your child has been diagnosed with a communicable illness, including strep infection or whooping cough.

If your child has a fever of 100 degrees or greater, he or she stays home from school until fever-free for 24 hours without the use of fever reducing medications such as Tylenol or Ibuprofen. If your child vomits, he or she stays home from school for 24 hours.

- **MEDICATION**

Students who must take prescription or nonprescription medication at school will be assisted by the school nurse or by office personnel. The school nurse must have an "Authorization to Administer Medication" form on file that must be completed by the parent and the student's physician. This form is available on the school website and from the main office. All medications are locked in the school nurse's office. The only exception is for emergency medications including asthma inhalers or Epi-Pens when approved for self-administration.

## **7. FIELD TRIPS**

Students must have written parental permission in order to participate in field trips. Students whose parents/guardians do not wish them to participate in a trip will be provided an alternative educational experience.

Drivers must be registered in the district office, carry proof of insurance in the car and be approved by the Superintendent's office. Safety guidelines include no smoking, no talking on cell phones, no videos, not allowing disruptive behavior and securing all passengers in seat belts. No child under the age of 12 should be placed in a car seat with an airbag. Children under 8 years or 80 pounds must be in a booster seat. All parent volunteers are required to check in with their child's teacher about emergency procedures for field trips.

## **8. PROMOTION/RETENTION**

Decisions regarding the assignment of a student to the next grade are based upon the student's achievement in the current grade. The assignment of a student is made with the school administration, the Student Success Team and the parent/guardian.

## **9. PARTIES & FOOD GUIDELINES**

There are only two optional parties during the school year: Halloween and the end of the school year. These will be coordinated by the child's classroom teacher and the room parent. Any seasonal activities, including parties, are academic in nature and are not intended to interfere with school routine. All food served at these two parties must fall within the Healthy Food Policy as outlined in Senate Bill 12 & SB638.

Birthday party invitations or other non-school related invitations may not be distributed at school. Student birthdays will be acknowledged on the main LED board located in the courtyard. Food treats are not allowed to be served at school to acknowledge birthdays.

## **10. HEALTHY FOOD POLICY**

The Board of Trustees recognizes that students need adequate,

nourishing food in order to grow, learn and maintain good health. To reinforce the school's nutrition policy, parents are encouraged to support the school's education efforts by joining us in finding alternatives to sugary, fat-saturated foods normally associated with childhood obesity. Students are not allowed to bring candy, soft drinks or other such items to school as snacks or in lunches.

## **11. SCHOOL LUNCHES**

Two options are available for school student lunches. Bag lunch from home and our contracted hot lunch program through Good Earth. Families can sign up for the hot lunch program each semester. Under no exceptions are lunches to be delivered by private vendors to the school. Late lunches can be delivered to school and placed in the basket in the rotunda. **Please** keep in mind, delivering late lunches to students can be disruptive to staff and students.

## **12. HOMEWORK**

Homework is assigned to reinforce and extend skills taught in school. Homework is one of the key links between school and home. It offers parents a daily opportunity to have a positive impact on their student's education. Homework teaches children to work independently, encourages self-discipline and responsibility and fosters a love of learning.

## **13. LAPTOPS**

Students are assigned a laptop for school use. All students and parent/guardians must sign and agree to the Acceptable Use Policy Form. Students are responsible for the care and maintenance of school laptops. Any damages will result in the cost of replacing the damaged items. Report cards, yearbooks or memory books will not be distributed to any student owing a laptop fine. Vandalism will result in cancellation of privileges.

Vandalism is defined as any malicious attempt to harm or destroy hardware or data of another user. This includes, but is not limited to, the uploading or creation of computer viruses. Also included is vandalism, damage or negligent use of assigned laptop, which may result in disciplinary action.

## **14. MIDDLE SCHOOL GRADING**

- **WHAT IS STANDARDS-ALIGNED GRADING?**

Traditional report cards focus on earning a certain number of points. With a standards-aligned report, students demonstrate mastery of skills and understanding of concepts.

Students are provided essential standards for each class. These are the skills and concepts students are expected to learn by the end of the class.

Students will receive feedback on their progress toward meeting or exceeding these standards. Teachers will use a four point system:

- 4: Exceeds expectations
- 3: Meets expectations
- 2: Nearly meets expectations
- 1: Does not meet expectations

- **HOW IS THIS DIFFERENT THAN TRADITIONAL LETTER GRADES?**

When using standards-aligned grades, students are aware of the content and concepts being taught in each class. Students receive feedback on how well they are meeting these standards.

- **WHAT STANDARDS DO I NEED TO KNOW?**

Essential standards have been identified for each of our classes. For each core class there are approximately 10 to 12 standards. Tests, quizzes, assignments and projects will be aligned with these essential standards. The essential standards for each class will be communicated at the beginning of the year for each core class.

For elective classes, there will be two to three essential standards communicated at the beginning of the quarter.

In addition to the academic content, the report card will show student performance in behaviors that support student learning. These will be reported separately from the academic grades.

- **HOW CAN STUDENTS EARN A “4”?**

A “4” indicates a student is exceeding an expectation of the standard. Teachers will communicate with students how they can demonstrate this ability. Examples include a

student with advanced understanding of a concept, applying an understanding in a different setting or making connections between the standard and other knowledge in the school setting. A student earning a “4” will need to show initiative and challenge themselves.

“Exceeds expectations” requires a student to go above and beyond what the standard asks.

## **15. OPPORTUNITIES**

Opportunities meet on Wednesdays from 1:14 to 1:50 p.m. This period is truly an opportunity for students. How much students accomplish and how successful they are with this time is, in large part, up to them. Each student will be assigned to a classroom. This classroom is the starting location for Opportunities. Students may elect to stay in this location to work or students may change locations and go to the classroom of another teacher to receive assistance, take a makeup test, complete an assignment or work on an extension project.

## **16. GRADUATION**

Graduation from the Ross School requires that a student maintain an average of 2.0 (out of 4.0) or better mark in all classes during grades 6, 7, and 8.

If a student enters the Ross School during their 7<sup>th</sup> or 8<sup>th</sup> grade years, his/her grade will be determined by the first marking period at Ross School.

- **GRADUATION OPTIONS**
